### F. GROUNDS OF APPEAL

If you choose the recommended Fast Track appeal procedure the reasons you set out below will be treated as your statement of case. It is important that you set them out in full because you will not get an opportunity to add to them later.

You should provide at least one reason for each of the boxes you have ticked in section E. Explain why you think the Council's decision is wrong and should be overturned. The decision on your appeal will take into account the contribution that the tree(s) make to the amenity of the area and the reasons set in support of your application/appeal. Please bear in mind that allegations of maladministration or complaints about the time taken by the Council to issue a decision on the application are unlikely to affect the outcome of the appeal, since such matters are not relevant to the merits of the proposal. If appealing against a refusal of consent to fell a tree or against a condition or direction requiring replacement planting you should indicate the species and size of any tree/s you would be prepared to plant if the appeal were to be allowed.

Please continue at section K or on a separate sheet if necessary SEE ATTACHED SHEET

G. PROCEDURE
Appeals dealt with by written representations (Fast Track) procedures are usually decided more quickly than those which proceed through a hearing or a more formal local inquiry and because of this we recommend the Fast Track procedure.
However, if you or the Council ask to be heard by the Inspector we will organise a hearing which will take the form of a round table discussion. In very exceptional cases, where complex legal matters are at issue, a substantial number of third parties are involved and/or formal cross examination is warranted, we may decide to hold an inquiry.
Please tick one box only.
I wish my appeal to be decided through the Fast Track procedure
I wish to appear and be heard by an Inspector
