Your comments

I strongly feel that this build in Camden mews needs to be stopped.

This area is unique and a building like this will dramatically change the area.

This building will take away the beauty and privacy provided for the current people who live there and have for many years.

Comments:

This proposal will dramatically change the character of the mews and infringe on the privacy, light and green environment of those who enjoy homes that are close to the property.

The proposal goes against Camden Council's adopted policy of this conservation area. Allowing it will threaten the unique and wonderful character of this old part of Camden.

Thank you for considering my objection

Yours sincerely

Such construction will irreversibly
change the unique character and
feel of the area. This area of
Camden is much loved and I as
a Londoner feel most strongly
that this build must be
opposed and stopped to retain
the beauty of the area. It is
imperative we conserve the mews'
current look and feel and the privacy
provided.
