Dear Sir/Madam,

**Licensing Act 2003**

**Re: Nunu, 130 CHARING CROSS ROAD, LONDON WC2H 0LA**

Please find enclosed your Premises Licence for the above.

The new premises licence is in two parts. The first part gives full details of the licence and the second part is a summary of the licence. The licence is valid from 12/11/2010 until such time it is cancelled.

This licence does not supersede any other statutory requirements you may be obliged to comply with such as planning permissions and a Legal Notice to this effect is enclosed, please ensure you have read and understood the information therein.

The licence is subject to an annual fee which is payable on the same date each year on the anniversary of the original grant of the licence. We will send you a reminder when payment is due.

Under the Licensing Act 2003 there are several statutory requirements which you as a licence holder must comply in relation to keeping and displaying the licence. Failure to comply with these requirements is an offence, if convicted you will be liable to pay a maximum fine of £500.00.

**You must meet the following requirements:**

- The licence, or a certified copy, must be kept at the premises to which it relates.
- The licence must be kept under the control of the licence holder, or by a person who works at the premises and has been nominated in writing by the licence holder.
- If a person is nominated to keep control of the licence, a notice specifying the position held by this person must be prominently displayed at the premises.
- The licence holder or nominated person must produce the licence or a certified copy on request to a Police Officer or an Authorised Officer of the Licensing

Authority.

- The summary, or a certified copy, must be prominently displayed at the premises.
- The licence holder must notify the Licensing Authority as soon as possible of any change of name or address. The notification must include the licence and summary along with the appropriate fee at the time of notification.

**You must also comply with the following conditions:**

Attached to the licence are conditions with which the licence holder must comply. These are the mandatory conditions, the conditions are consistent with the operating schedule, and conditions attached by the Licensing Sub-Committee (if applicable).

It is an offence to use the premises for licensable activities other than those permitted by the licence and in accordance with the conditions. If convicted, you will be liable to a maximum fine of £20,000 and/or 6 months imprisonment.

A responsible authority or interested party may apply to have a premises licence reviewed at any time, if you fail to meet the conditions.

On an application for review, the Licensing Sub-Committee is required to hold a hearing to consider the application and may decide to cancel, suspend or change any part of the premises licence.

If the premises licence or summary is lost, stolen, damaged or destroyed, the licence holder will have to apply for a copy to be issued, for which a fee of £10.50 will be charged.

If you require more information, you may contact me on the above number.

Yours sincerely

Shelima Ahsan  
Customer Service Officer

## **Annex 1 - Mandatory Conditions**

N/A

## **Annex 2 - Conditions consistent with the Operating Schedule**

1. Cutlery ie, knives and sharp items shall be locked in a secure place.
2. Soft drinks shall be served in cans or plastic cups.
3. Fire alarm that switches the gas and electricity supply off in case of emergencies shall be Installed.
4. No loud music shall be played on the premises at any time.
5. No abusive behaviour or language shall be tolerated on the premises.
6. A minimum of 4 staff to remain on duty after 00:00.

## **Annex 3 - Conditions attached after a hearing by the licensing authority**

7. CCTV cameras shall be installed at the premises, in accordance with the conditions laid out in Camden Statement of Licensing Policy.
  - (a) CCTV system shall be installed and working to the satisfaction of the police and Licensing Authority.
  - (b) CCTV shall operate at all times while the premises remains open to the public (including during private parties) and all images captured will be recorded and all images captured will be recorded and stored on site.
  - (c) Recordings will be of sufficient quality to identify persons on the recordings.
  - (d) Recordings will be maintained for a minimum period of 31 days.
  - (e) Copies of recordings will be made available to the police and/ or the Licensing Authority on request within 48 hours of the request being made.
8. All staff shall be trained to ensure public safety on the premises.
9. Clear signs shall be displayed indicating that anti-social behaviour will not be tolerated.
10. Customers shall be requested to leave the premises in a quiet and orderly manner.

<b>Proposal(s)</b>				
Change of use from shop/internet cafe (Class A1) to Hot food Takeaway (Class A5) at basement and ground floors and installation of extract flue to rear elevation.				
<b>Recommendation(s):</b>	Refuse Planning permission			
<b>Application Type:</b>	Full Planning Permission			

seeks to protect small shop units such as the one subject of this application. Paragraph 15.22 of the Revised Planning Guidance for Central London (adopted 4/10/2007) stipulates that whilst the retail function is not as significant in terms of their size of number as the Tottenham Court Road/New Oxford Street area, the uses do support other concentrations of specialist book and music shop uses in Charing Cross Road and Denmark Street. Paragraphs 15.22 and 15.23 further goes on to say that this part of Central London Frontage has the potential to accommodate some additional non-retail uses provided that the overall level of retail use does not fall below two third (66%) of uses on the frontage. A site visit ascertained that there are 22 units located within this particular shopping frontage (spanning from 123 Shaftesbury Avenue to 136 Charing Cross Road), where it has been ascertained

Address Charing Cross Road	86-90 – including 113-115 Shaftesbury Avenue	90	92	94	96	98- 100	1 0 2	104	106	108	110	112- 112	114- 116	118	120 - 124	12 6	128
Use Class	A3	A3	A1	A1	A4	A1	A 1	A1	A3	A1	Vacant unit	Sui gen eris	A3	B1	A1	A1	A1

that 14 of these are in retail use, therefore providing 63% of retail within the shopping frontage, which is currently below the Council's requirement. If the change of use were to be allowed this would further erode the retail use along the frontage to 59% which would be contrary to the Revised Planning Guidance. See table below:

Address Charing Cross Road	130	134	136
Use Class	A3	A1	A1

Address Shaftesbury Avenue	117	119	121	123
Use Class	A3	A1	A1	A1

The proposal would therefore be contrary to policy as the proposal would result in the retail uses within this designated shopping frontage being below the recommended quota.

However, the assessment should not be based solely on the figures alone. Consideration has also been given to the fact that an A5 use may be considered appropriate within the location as it would be likely to attract both dedicated customers and those on more general shopping trips, displaying similar characteristics to most A1 uses in terms of general activity and expenditure levels. Notwithstanding this, the retail unit is still operational and has not been vacant at any time during the course of the application. A site visit ascertained that the retail unit is occupied as an internet shop and café. Whilst the applicant has provided evidence to show that his particular business is not doing well, no clear evidence has been provided in respect of the viability of the unit for continued A1 use at the application site. Due to the lack of clear evidence to show that the unit is not viable for continued A1 use, it is clear that the 'need' for such a unit has not been explored. Marketing evidence for the property should be submitted if the A1 use is considered to be no longer viable.

In light of the proposal being contrary to policy and the lack of evidence to demonstrate why a breach of policy should be justified, it is considered that the proposal is unacceptable in its current form. The proposal is therefore considered to be unacceptable and contrary to Policies CS7, DP10 and DP12 of Camden's LDF.

#### **Impact on the character and appearance of the host building and conservation area:**

The submitted plans do not show any changes to the existing front elevation. An extract duct is proposed at the rear of the building rising all the way up from ground floor level to roof level. Given that the flue would not be seen from the street it is considered that no harm would be caused to the character and appearance of the conservation area and no perceived harm will be caused to the character and appearance of the host building.

#### **Amenity:**

With regard to the impact upon neighbouring properties consideration must be given to potential

implications in terms of operating hours and noise and disturbance, particularly in view of the fact that some residential properties are located on the upper floors of the of the application site. Policies CS5, DP12, DP26 and DP28 are applicable in this respect.

The application site is located within the Central London Area where a certain level of activity and associated noise is to be expected. Although a fast food takeaway, such as the proposed use is more suitably located within areas of this nature, the residential premises located above would need to form part of the consideration. The proposed hours of operation will be between 9am to 11:30pm Monday to Friday, and on Saturday and between 10am and 8pm on Sunday. These hours of operation are such that the Council would normally allow within the Central London Area. However, there is an existing hot food takeaway shop and mini-cab office located within close proximity to the application site at no. 130 Charing Cross Road with only the residential entrance accessing Shaldon Mansions (located above the application site) separating the two shops units. It should be noted that the existing use for a hot food takeaway shop at no.130 Charing Cross Road appears to be unauthorised and is currently under investigation. If the existing use at no. 130 Charing Cross Road were to be deemed lawful then it is considered that the cumulative impact of the two A5 uses in close proximity to each other would be harmful as objections/complaints have already been received in respect of the existing use. If the existing use at no 130 Charing Cross Road is not lawful it is considered that it permission were to be granted for the proposed use then it would be likely to have a detrimental impact on residential amenity by virtue of the creation of noise nuisance at unsociable hours, and by the emission of cooking smells and fumes. It should be noted that the Council has received complaints in respect of the existing A5 use located at no. 130 Charing Cross Road.

The proposed flue would be situated very close (0.4m away) to the rear windows (located in the existing lightwell) serving the residential accommodation located above the application site. At the site visit it could not be ascertained what the windows located to the north of the flue served; although it was established that the windows to the south of the flue served an existing staircase. As such the Council was unable to assess whether the flue would have any detrimental impact upon visual amenity for the existing occupiers of the residential block located above the application site.

There is an existing flue located within the lightwell which serves the existing hot food take-away shop located at no 130 Charing Cross Road, which the applicant also owns. It should be noted that the existing use and the installation of this flue appears to be unauthorised and enforcement action has been instigated. Objections have been received in regards to noise nuisance at unsociable hours, noise coming from the exiting flue at the rear, anti-social behaviour and litter pollution.

Development policy DP26 states the Council will only grant permission for development that does not causes harm to amenity. This is further supported by core strategy policy CS5 which seeks to protect the amenity of Camden's residents and those working and visiting the borough.

The fan/motor unit is to be installed so that the noise/vibration is transmitted either through the ducting or fabric; anti-vibration mountings and flexible connectors are to be used throughout. In terms of noise, the acoustic report theoretically demonstrates that the Council's noise criteria can be met and therefore no issues are raised in terms of noise.

The proposed extract fan is located within the duct work located within the kitchen café area. However, insufficient information has been provided in respect of an odour control scheme ( such as the extraction and filtration system, grease filters are to be an integral part of the canopy, followed by coarse pre-filter, fine pre-filter and finally activated carbon filters). Given that a complaint has been lodged in respect of the existing use at the owner's other premises located at no.130 Charing Cross Road it is considered imperative that this information is provided.

There is no detailed plan or drawing showing the location of the fans from the extract hood all the way to the external termination point. Typically, the end of the extract ventilation system duct should terminate at least 1m above the eaves of the roof and shall be straight and without a hood on. The plan as submitted does not show the height of the neighbouring adjoining property or the type of

Dear Mr Jana,

**European Communities Act 1972**  
**Food Hygiene (England) Regulations 2006**  
**REGISTRATION OF FOOD PREMISES.**

I am writing to confirm receipt of the food registration form in respect of **Sajway Lebanese Food Express, 130 Charing Cross Road, WC2H 0LA**, you submitted to this department on the **29 October 2013**.

This premises is now registered in accordance with the above regulation.

**What happens next?**

You will receive an unannounced inspection by a food safety officer who will check:

- Potential hazards – the type of things you do
- Food hygiene – handling practices including temperature control and control of contamination
- Structure and cleaning – including the facilities
- Confidence in management – including food safety management systems and staff food safety knowledge

- After the inspection, most food businesses will automatically be given a rating under the Food Hygiene Rating Scheme to let the public know about your food hygiene standards.

If you have any further queries please do not hesitate to contact me on the above number.

Thank you for your co-operation.

Yours sincerely,

Customer Service Officer
