

Dear Council members,

I am the owner of flat 4b Langland Mansions, and I strongly object to the approval of of 2015/0316/P with the development of a 2-story extension.

The reasons of my objection are related to the loss of privacy and light; the strain and impact the works will have on the neighbouring properties; the amount of traffic this change will increase, the negative impact it will have on trees, the roof and the soil system.

With kind regards,
Sanam Khatibi
