

Dear Ian Gracie

As a resident of Rochester square Camden, I'm writing to oppose the planning application no 2015/5583/p.

This is a conservation area and therefore I see no reason why this application should go through. Light, privacy, will not only affect those who live close by but more importantly it will change the Character of the news.

I feel it's important to keep the Mews as close as possible to its original form.

What good is it to adopt a conservation policy, if it is to be broken each time someone wants to build something new?

Kindest regards

Lisa Jacobs

I lived in Camden for many years and am appalled at how the area has been ripped apart by thoughtless developments.

This proposal does not fit with this beautiful pocket of London. I am not opposed to modern design but this house belongs somewhere else

I object to this application because it looks like a monstrosity on such a pretty mews street.
It is way too high as well.
Please preserve the prettiness of London's gorgeous heritage and do not allow people to build higher + higher! If people want bigger houses ... then why don't they move?!

Sincerely, Richard Kinloch 11/11/15

I am opposed to development in a conservation area, having lived in London its exactly this type of build that has led to me moving away.

I OBJECT MOST VEHEMENTLY TO THIS APPLICATION
OUTRAGEOUS FLAUNTING OF CONSERVATION VALUES.
TOO LARGE IN TOO SMALL A SPACE.
THIS PARTICULAR PROPERTY HAS ALREADY BEEN
OVER DEVELOPED FROM THE ORIGINAL MEWS HOME

It is completely out of keeping to build a 3-storey modern house on a historical news street in London - not only damaging the look of the area but changing light and aspect of neighbouring properties.

I am objecting to this planning application as I feel it would affect the beauty of a conservation area in Camden Square.
I feel this modern building would look out of place with the period properties that surround it.

Clare

Dear Camden Planning
I used to live nearby – I visit regularly as I love the architecture and the feel of Camden

I am now living in a different part of London
For security reasons my address is

Lord Stone of Blackheath
House of Lords
Westminster
London S1A 0PW
Email as above

My objections are that

- The application contradicts what Camden Council decreed in your 'Camden Square Conservation Area Management and Strategy' report saying that three storey should not be built.
The Three Storey build will destroy completely the skyline view of trees from Camden Square
- The proposal intends to get rid of it's small back garden and build the back of their house
The application intends to remove their back garden/outdoor space completely
- The visually incongruous height of this property against both mews properties either side. .
- The bland, uninspiring façade to look out on. A blank, block – soul-less with no visually beautiful features

The Camden Government report states, 'Successful modern design can be 21st century and enhance the conservation area, by carefully assessing and responding to the form and qualities of surrounding buildings and spaces.' This has been greatly ignored in the planned proposal.

Thank you

Andrew Stone
