Subject: Application REF 2014/6067/P

OBJECTION TO DETAILS OF WORKS COMPLETED BEFORE APPROVAL OF DETAILS UNDER APPLICATION REF: 2014/6067/P

Dear Ms Chivers,

I live at 18 Holly Mount immediately opposite the wall concerned and on the other side of Holly Steps. I have a problem insofar as I have had builders peering into my kitchen for the last 6 months which is rather uncomfortable when I am in my dressing gown. The new trellising however does not resolve this problem moreover it is completely out of keeping with the rest of this Georgian street and introduces a distinctly naf aspect to the street. The original application to demolish the garage at this site under reference 2013/4569/C stated that it should be removed so that "the visual integrity of the original boundary wall will be re-instated and a large overbearing bulk will be removed from the streetscene."

1.
The trellising on top of the boundary wall should be removed as it compromises the visual integrity of the wall that the applicant claimed would be preserved by removing the garage.
2.
The height of the gate should be in line with the original boundary wall.
3.
Both the trellising and the gate are over 2 metres high and reduce the light in surrounding homes.

Kind Regards,

Dr Catherine Bercusson
