**Subject:** OBJECTION: APPLICATION REF: 2014/6067/P

---

Dear Jennifer,

I would like to add our objections to the above application. Our street is one of old beauty and a treasure to the Hampstead community. The trellis that has been added to the top of the wall at 3 The Mount increases the size of the wall greatly and certainly is not in keeping with this area of conservation. In time it could become weathered and if greens grow it would be disguised, but there does not seem to be any room for greens to be planted and even so, this brings into consideration the light aspect affecting the homes opposite as they are faced with a high wall directly across from them. It would be greatly appreciated if this matter would be looked into to see if the trellis is truly allowed to be attached on top of the wall.

Regards,

Dorie Blythe, 2 Holly Mount
