Your comments on the planning application

I hereby object the current planning permission for the following reasons:

- The erection of a single storey rear extension will considerably reduce the view over the gardens I enjoy from my living room and my kitchen/dining room. The height and overall size of the extension are not adequate and harmonious for the rear facade of the building and its architectural beauty.
- The construction of this extension will have a significant impact on my privacy while at home since the top of the

Planning Application Details

extension will be at the level of all the windows of my dining room and my kitchen/dining room, with builders able to see through at all times.

- The partial conversion of the garage in its current form will likely damage the roots of large trees in the gardens (creating further risks for the rear facade) and impact the layout in a conservation area. The current beauty of the gardens will be significantly reduced.

- There would be too many construction sites at the same time on this part of Greenaway Gardens and transform the neighbourhood in a large construction area, detrimental to the life enjoyment of residents.
