Ref – Planning application 2015/5899/P – 16 Millfield Lane N6 6JD -new crossover and driveway.  
Planning Officer – James Clark 2050

Applicant -Cold As Ice ,a Gibraltar registered company.

Objector – Keith King ,resident for 41 years at 22 Millfield Lane N6 6JD

Dear Sir,

I am writing to object in the strongest possible terms to the planning application to install a new crossover with gates and driveway.

This will be a few metres from my home,which is a bungalow type cottage built about 170 years ago. As the plans show this driveway will wrap around my property and I will be subject to vehicle and pedestrian traffic for 24/7 .

There will be vehicle noise ,exhaust emissions ,engine noise, driving up and down not only from the resident, but delivery vans/motorcycles ,car visitors and also the noise associated with pedestrian traffic -voices etc , new lighting- all stuff which has never before existed.

The gate /posts to be reused are heavier and more substantial than anything industrial and very unattractive .It is noisy in operation and shuts with a loud and resounding clunk .This installation will also that my property will be more vulnerable to possible break in.

There already exist an established crossover to No16 , a CPZ and trees .  
I am just a layperson but I think this application goes against Camden DP25,DP26, DP28 ,DP29.

For 170 years nothing like this has ever been put in place and there exists a peaceful garden, grass and trees and the driveway to No 16 has been at the opposite end .

This new driveway/gate will seriously affect my quality of life ,my peace and quiet, the living in my home for the past decades and I ask that you refuse this application.

Yours sincerely

Keith King  
Millbrook Cottage  
22 Millfield Lane
