#### Informatives:

- 1 Reasons for granting permission

The structural works are considered to be necessary to repair and stabilise the building and give it a new lease of life. The works include making good of the existing stucco finish, which is welcomed.

The removal of the existing largely non-original side dormer and its replacement with a new enlarged dormer matching that of the neighbouring house is acceptable, provided that materials which match the existing house are used, which can be secured by condition.

The works to the window on the side elevation of the building are acceptable in principle, subject to the submission of more detailed plans to show the fenestration pattern and materials.

No objections have been raised in relation to the works. The application site's planning history and relevant appeal decisions were taken into account when

coming to this decision.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Redington Frogna Conservation Area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposed development is in general accordance with Policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and Policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with Policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and the provisions of paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework 2012.
