

THE HONOURABLE SOCIETY OF LINCOLN'S INN
Great Hall & Library Project

Planning Committee Update

Nov 2015

We enclose a summary document of the four main images of the new Library building. Included is a new image requested by Cllr Sue Vincent from a specific position on Newmans Row. We have also provided a further image of the building from the west, as viewed from within Lincoln's Inn Fields. This is closer in view of the image on page.127 of the Design and Access Statement.

We have also updated the image on page. 139 of the Design & Access Statement showing the new building from Newman's Row.

Finally for completeness we have also included the proposed views across North Gardens from within the Inn and the view down Newman's Row which has had the proposed north-facing green wall added. We have included the existing views with each proposed view.

Existing view from Lincoln's Inn Fields
