2015/3270/P	Andrea Bouras Flat B	17B Lindfield Gardens NW36PX NW36PX	17/11/2015 14:56:41	COMMEM AIL	Providing that a reputable/registered surveyor asserts, in writing, that the construction of a balcony will be safe and secure and will not damage the overall structure of the house, I will not object. I would like to add that the way no. 17 is positioned , it already overlooks adjacent properties and gardens and the noise pollution will be limited to the construction period.
