2015/5871/P	Leah Dixon	28 Pioneer House 46 Britannia street London WC1X 9JH	24/11/2015 11:28:21	COMMNT	I live at the rear of this building (which is incorrectly labelled as City and Guilds on the block plan and is in fact called Pioneer House). This work began before 19/10/15 so I am unhappy that planning permission was only seeked after I have complained. The photograph no 24 shows my bedroom windows so I would not want any of this business centres windows to become any larger and they start work before 8am monday-friday which is disruptive. When I asked one of the builders they said something about a tower on the roof and I am adamant no more height be added to the roof as it blocks out our light.
