2015/5899/P	Robert Powell	24 Millfield Lane N6 6JD	24/11/2015 15:10:41	COMMNT	Millfield Lane is very narrow where the new entrance/exit is being proposed. There is a blind corner approx. 50 meters below the proposed entrance/exit, and so it is an entirely inappropriate place to put a gateway. Would it not be easier to purchase the crossover from no.22?
2015/5899/P	Jeremy Sinclair	Millfield Cottage Millfield Lane N6 6JH	16/11/2015 15:56:38	COMMNT	As the owners of Millfield Cottage, across the narrow lane, we are concerned the new opening may make what is already a dangerous corner more difficult.
2015/5899/P	SUSAN ROSE CHAIR HIGHGATE CAAC	HEATH WINDS N6 6NA	24/11/2015 09:19:53	COMMNT	Highgate CAAC has some concerns that the new entrance proposed is awkwardly positioned on a narrow road where there is much car parking. it does not have good sight lines and the existing entrance is very much better positioned in this respect. neighbours' views should also be taken into account
