2015/5928/P	B. Bennett	3rd Floor 207 Regent Street W1B 3HH	18/11/2015 11:22:03	OBJ	Dear Zenab Haji-Ismail I am writing to object strongly to the demolition of this scarce surviving attractive traditional old building which is part of Euston Road's history. The proposed building is completely different in style, materials and windows type and looks incongruous alongside the older neighbouring corner building (359 Euston Road). The proposed building is enormous, too bulky and tall and overdominates the space from both Euston Road, Warren Street and the side elevation.
