2015/6094/P	Mrs Anna Williams	19 Murray Mews London NW1 9RH NW1 9RH NW1 9RH	20/11/2015 02:36:37	COMMEMP ER	The extension, for which planning permission is being sought replaces and materially extends the area of the site from about a metre away from the party wall up to and including the party wall between the gardens of 41 and 42.the new balcony ABOVE the proposed new extension will now look down directly upon the Terrace outside the lower ground floor flat of 41, The access to this terrace outside 41 is by French doors opening about a metre from the party wall. I.do not object to the enlargement of the area of the original extension in the direction of the side opposite to the the garden of 41. I do object to to extension of the rear lower ground floor original extension area being extended in the direction of 41 Camden Square to include the the party wall. 1] the privacy of the terrace outside 41 and the garden generally will be invaded and compromised 2] the dust and noise of the demolition and rebuilding will be much mitigated,
