undesirable. We stated as follows : " We do not believe that the external proportions of Unit 1 should be increased and trust that any such change to its overall dimensions will not be approved". We repeat the request.

In our original response we also commented that we are not presently overlooked, as the sidewall of Unit 1 and its roof facing our property currently has no windows. This for us is an important original design feature as any change will adversely affect our current privacy. We therefore requested that any change in this regard should not be approved. We hereby repeat this request.

We are surprised that current proposals continue to include these fundamental changes in the current situation and ask you please to take full account of our comments.

Yours faithfully

Steven and Mirela Bruck
