The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Site Location Plan 3915 100, 3195 060C, 3195 061C, Canopy Photos 063, Heritage Statement (Morrison Design) August 2014, Design and Access Statement (Morrison Design) August 2014.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 Detailed drawings, or samples of materials as appropriate, in respect of the following, shall be submitted to and approved in writing by the local planning authority before the relevant part of the work is begun:
 - a) Details of the canopy at 1:5
 - b) Structural information which confirms the historic masonry can carry the weight and stress of the proposed canopy.

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 4 Any hidden historic features which are revealed during the course of works, those features to be retained in situ, work suspended in the relevant area of the building and provision made for their retention or salvage and/or proper recording as required by the council. Specifically the historic window openings to the front ground floor elevation.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 5 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

1 Reasons for granting consent:

The existing canopy is particularly heavy and obtrusive and inappropriate for the historic frontage of this grade II listed 19th century terrace. The removal of this canopy is therefore welcomed. The proposed glass canopy is considerably more lightweight and far less visually dominant and would enhance the character of the listed building.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

No objections have been received. The planning history of the site and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with the London Borough of Camden Local Development Framework Core Strategy policy CS14 (Promoting high quality places and preserving our heritage) and Development Policies DP24 (Securing high quality design) and DP25 (Conserving Camden's heritage) of the London Borough of Camden Local Development Framework. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011 and paragraphs 56-68 of the National Planning Policy Framework.
