Your comments

We have two comments on the application:

1. It is proposed that a cantilevered glass roof be mounted on the party wall between our property and number 12. We are concerned that the wall may not bear the load - as it is not a structural wall + has no foundations.
2. We understand it is proposed to remove a large tree (ash/hornbeam?) from the garden. We believe the tree should be pruned rather than removed. It currently provides privacy between the houses (including ours) and the flats behind.
