CLS/COM/ESA/1781.99
FINAL

THIS AGREEMENT is made the 6th day of November 2015

B E T W E E N:

- i. **ALEXANDER MURRAY GREENWAY and CHARLES MURRAY GREENWAY and SAMANTHA MURRAY GREENWAY** of 11 Cannon Lane, London NW3 1EL (hereinafter called "the Owner") of the first part
- ii. **THE MAYOR AND BURGESSES OF THE LONDON BOROUGH OF CAMDEN** of Town Hall, Judd Street, London WC1H 9LP (hereinafter called "the Council") of the second part

1. WHEREAS

- 1.1 The Owner is registered at the Land Registry as the freehold proprietor with Title absolute of the Property under Title Number NGL307799.
- 1.2 The Owner is the freehold Owner of and is interested in the Property for the purposes of Section 106 of the Act.
- 1.3 A Planning Application for the development of the Property was submitted to the Council and validated on 26 January 2015 and the Council resolved to grant permission conditionally under reference number 2015/0127/P subject to conclusion of this legal Agreement.
- 1.4 The Application for Listed Building Consent for the Development was submitted to the Council and validated on date and the granted permission on date under reference number 2015/0366/L.
- 1.5 The Council is the local planning authority for the purposes of the Act for the area in which the Property is situated and considers it expedient in the interests of the proper planning of its area that the development of the Property should be restricted or regulated in accordance with this Agreement.
- 1.6 As local highway authority the Council considers the Highways Works to be carried out pursuant to this section 278 Agreement to be in the public benefit.

1.7 For that purpose the Owner is willing to enter into this Agreement pursuant to the provisions of Section 106 of the Act.

2. **DEFINITIONS**

In this Agreement the following expressions (arranged in alphabetical order) shall unless the context otherwise requires have the following meanings:-

2.1 "the Act" the Town and Country Planning Act 1990 (as amended)

2.2 "the Agreement" this Planning Obligation made pursuant to Section 106 of the Act

2.3 "Application for Listed Building Consent" an application for Listed Building Consent in respect of the Development of the Property submitted to the Council and Validated on 26 January 2015

2.4 "the Burland Category of Damage" an industry recognised category of structural damage as specified at para 2.30 of Camden Planning Guidance 4: Basements and lightwells (as may be amended) and shown in the Second Schedule annexed hereto

2.5 "the Certificate of Practical Completion" the certificate issued by the Owner's contractor architect or project manager certifying that the Development has been completed

2.6 "Construction Management Plan" a plan setting out the measures that the Owner will adopt in undertaking the demolition of the Existing Buildings and the construction of the Development using good site practices in accordance with the Council's Considerate Contractor Manual to ensure the Construction Phase of the Development can be carried out safely and with minimal possible impact on and disturbance to the surrounding environment and highway network including (but not limited to):-

- (i) a statement to be submitted to Council giving details of the environmental protection highways safety and community liaison measures proposed to be adopted by the Owner in order to mitigate and offset potential or likely effects and impacts arising from the demolition of the Existing Buildings or structures on the Property and the building out of the Development;
- (ii) incorporation of the provisions set out in the First Schedule annexed hereto
- (iii) proposals to ensure the protection and preservation of the listed building during the Construction Phase;
- (iv) proposals to ensure the protection and preservation of the listed building during the Construction Phase;

- (v) proposals to ensure there are no adverse effects on the Conservation Area features
- (vi) effects on the health and amenity of local residences site construction workers local businesses and adjoining developments undergoing construction;
- (vii) amelioration and monitoring measures over construction traffic including procedures for notifying the owners and or occupiers of the residences and businesses in the locality in advance of major operations delivery schedules and amendments to normal traffic arrangements (if any);
- (viii) the inclusion of a waste management strategy for handling and disposing of construction waste; and
- (ix) identifying means of ensuring the provision of information to the Council and provision of a mechanism for monitoring and reviewing as required from time to time

2.7 "the Construction Phase"

the whole period between

- (i) the Implementation Date and
- (ii) the date of issue of the Certificate of Practical Completion

and for the avoidance of doubt includes the demolition of the Existing Buildings

2.8 "the Council's Considerate Contractor Manual"

the document produced by the Council from time to time entitled "Guide for Contractors Working in Camden" relating to the good practice for developers engaged in building activities in the London Borough of Camden

2.9 "the Development"

demolition of existing single building/structures and replacement with a 6 bed dwelling house with basement as shown on drawing numbers:-
Basement Impact Assessment prepared by Chelmer Associates, dated December 2014;
Design and Access statement prepared by Planning Sense dated December 2014;
Arboricultural Report prepared by Anthony George and associates dated 2 December 2014;
Historic Environment Assessment prepared by MOLA dated January 2015; Ground Movement assessment prepared by Chelmer consultancy dated June 2015; Method statement for removal and reinstatement of boundary wall prepared by Vincent and Rymill dated 6 June 2015; Temporary works proposal prepared by Vincent and Rymill dated May 2015; Independent review of Basement Impact Assessment update by LBH Wembley June 2015; EP1000; EP110B; EP101; EP102; EE102; EE103; ES101 dated December 2014, Ap100B; AP101; AP101A; AP102A; AP103B; AP104C; AP105A; AP110B; AS101A; AS102A; AS103; AS104 dated March 2015

2.10 "Detailed Basement

Construction Plan”

a plan setting out detailed information relating to the design and construction of the basement forming part of the Development with a view to minimising any or all impacts of the Development on Neighbouring Properties and the water environment and to provide a programme of detailed mitigating measures to be undertaken and put in place by the Owner with the objective of maintaining the structural stability of the Property and Neighbouring Properties as described in the Basement Impact Assessment By Chelmer Consultancy Services dated December 2014 submitted with the Planning Application and to include the following key stages:-

1. the Owner to appoint an independent suitably certified engineer (qualified in the fields of geotechnical and/or structural engineering) from a recognised relevant professional body having relevant experience of sub-ground level construction commensurate with the Development (“the Basement Design Engineer”) AND FOR DETAILS OF THE APPOINTMENT TO BE SUBMITTED TO THE COUNCIL FOR WRITTEN APPROVAL IN ADVANCE (and for the Owner to confirm that any change in Basement Design Engineer during the Construction Phase with the Council in advance of any appointment); and,
2. the Basement Design Engineer to formulate the appropriate plan to fulfil the requirements of the Detailed Construction Basement Plan and at all times to ensure the following:-

(a) that the design plans have been undertaken in strict accordance with the terms of this Agreement incorporating proper design and review input into the detailed design phase of the Development and ensuring that appropriately conservative modelling relating to the local ground conditions and local water environment and structural condition of Neighbouring Properties have been incorporated into the final design; and

(b) that the result of these appropriately conservative figures ensure that that the Development will be undertaken without any impact on the structural integrity of the Neighbouring Properties beyond "Slight" with reference to the Burland Category of Damage; and

(c) that the Basement Design Engineer having confirmed that the design plans have been undertaken in strict accordance with this Agreement and includes a letter of professional certification confirming this and that the detailed measures set out in sub-clauses (i)-(vii) below have been incorporated correctly and appropriately and are sufficient in order to achieve the objectives of the Detailed Basement Construction Plan;

(i) reasonable endeavours to access and prepare a detailed structural appraisal and conditions survey of all the Neighbouring Properties to be undertaken by an independent suitably qualified and experienced chartered surveyor (and for

details to be offered if this is not undertaken in full or part);

(ii) a method statement detailing the proposed method of ensuring the safety and stability of Neighbouring Properties throughout the Construction Phase including temporary works sequence drawings and assumptions with appropriate monitoring control risk assessment contingency measures and any other methodologies associated with the basement and the basement temporary works;

(iii) detailed design drawings incorporating conservative modelling relating to the local ground conditions and local water environment and structural condition of Neighbouring Properties prepared by the Basement Design Engineer for all elements of the groundworks and basement authorised by the Planning Permission together with specifications and supporting calculations for both the temporary and permanent basement construction works;

(iv) the Basement Design Engineer to be retained at the Property throughout the Construction Phase to inspect approve and undertaking regular monitoring of both permanent and temporary basement construction works throughout their duration and to ensure compliance with the plans and drawings as approved by the building control body;

(v) measures to ensure the on-going maintenance and upkeep of the basement forming part of the Development and any and all associated

drainage and/or ground water diversion measures order to maintain structural stability of the Property the Neighbouring Properties and the local water environment (surface and groundwater);

(vi) measures to ensure ground water monitoring equipment shall be installed prior to Implementation and retained with monitoring continuing during the Construction Phase and not to terminate monitoring until the issue of the Certificate of Practical Completion (or other time agreed by the Council in writing); and,

(vii) amelioration and monitoring measures of construction traffic including procedures for co-ordinating vehicular movement with other development taking place in the vicinity and notifying the owners and or occupiers of the residences and businesses in the locality in advance of major operations delivery schedules and amendments to normal traffic arrangements.

3. the Owner to appoint a second independent suitably certified engineer (qualified in the fields of geotechnical and/or structural engineering) from a recognised relevant professional body having relevant experience of sub-ground level construction commensurate with the Development ("the Certifying Engineer") AND FOR DETAILS OF THE APPOINTMENT OF THE CERTIFYING ENGINEER TO BE SUBMITTED TO THE COUNCIL FOR WRITTEN APPROVAL IN ADVANCE; and,

4. for the Certifying Engineer to review the design plans and offer a 2 page review report to the Council confirming that the design plans have been formulated in strict accordance with the terms of this Agreement and have appropriately and correctly incorporated the provisions of sub-clauses (i)-(vii) above and are sufficient to achieve the objectives of the Detailed Basement Construction Plan AND should any omissions, errors or discrepancies be raised by the Certifying Engineer then these to be clearly outlined in the report and thereafter be raised directly with the Basement Design Engineer with a view to addressing these matters in the revised design plans.
5. Only thereafter shall the Owner submit the agreed finalised version of the Detailed Basement Construction Plan to the Council for its written approval with a letter of professional certification from the Certifying Engineer confirming that the Detailed Basement Construction Plan is an approved form and has been formulated in strict accordance with the terms and clauses of this Agreement.
6. The Owner to respond to any further questions and requests for further information about the submitted plan from the Council AND IN THE EVENT that a further technical assessment be required then the Owner agrees to reimburse the Council for any costs expended which requires the instruction of an independent assessment in order to resolve any unresolved issues or technical deficiencies in the Council's consideration of the submitted plan.

2.11 "the Existing Buildings"

the single building/structure located on the Property as at the date of this Undertaking

2.12 "the Highways Contribution"

the sum of £8,162.87 (eight thousand one hundred and sixty two pounds and eighty seven pence) to be paid by the Owner to the Council in accordance with the terms of this Agreement and to be applied by the Council in the event of receipt for the carrying out of works to the public highway and associated measures in the vicinity of the Property and as are required due to the Development ("the Highways Works") these to include costs associated with the following:-

(a) repave the carriageway after construction to tie in the development to the surrounding area and to repair any damage to the public highway; and

(b) any other works the Council acting reasonably considers necessary as a direct result of the Development

all works will be subject to final measure and for the avoidance of doubt the Council in accepting this sum does not undertake any responsibility in connection with any required statutory undertakers works and excludes any statutory undertakers costs

2.13 "the Implementation Date"

the date of implementation of the Development by the carrying out of a material operation as defined in Section 56 of the Act and references

to "Implementation" and "Implement" shall be construed accordingly

- 2.14 "the Level Plans" plans demonstrating the levels at the interface of the Development the boundary of the Property and the Public Highway
- 2.15 "the Listed Building Consent" a listed building consent granted on date under reference number 2015/0366/L
- 2.16 "the Listed Wall Retention Plan" a plan setting out a detailed scheme of structural and engineering measures drawn up and undertaken by a suitably qualified engineer from a recognised relevant professional body to be implemented by the Owner during the carrying out of whole of the Construction Phase to safeguard and protect from damage the structural integrity and stability of the listed wall at Garden Walls, Gates and Bollards to Cannon Hall during the carrying out of demolition and construction and linked works and any part of the wall demolished will be reinstated to the original form
- 2.17 "Neighbouring Properties" the neighbouring properties known as Cannon Hall 14 Cannon Place London NW3 1EJ and The Garden House 24 Well Road London NW3 1LH
- 2.18 "Occupation Date" the date when any part of the Development is occupied and the phrases "Occupy", "Occupied" and "Occupation" shall be construed accordingly
- 2.19 "the Parties" mean the Council and the Owner

- 2.20 "the Planning Application" a planning application in respect of the development of the Property submitted to the Council and validated on 26 January 2015 for which a resolution to grant permission has been passed conditionally under reference number 2015/0127/P subject to conclusion of this Agreement
- 2.21 "Planning Obligations Monitoring Officer" a planning officer of the Council from time to time allocated to deal with all planning obligations pursuant to S106 of the Act to whom all notices, correspondence, approvals etc must be sent in the manner prescribed at clause 6.1 hereof
- 2.22 "the Planning Permission" a planning permission granted for the Development substantially in the draft form annexed hereto
- 2.23 "the Property" the land known as 11 Cannon Lane London NW3 1EL the same as shown shaded grey on the plan annexed hereto
- 2.24 "the Public Highway" any carriageway footway and/or verge adjoining the Property maintainable at public expense

3. **NOW THIS DEED WITNESSETH** as follows:-

- 3.1 This Agreement is made in pursuance of Section 106 of the Act, and is a planning obligation for the purposes of Section 106 as aforesaid, and shall be enforceable by the Council against the Owner as provided herein and against any person deriving title to any part of the Property from the Owner and insofar as it is not a planning

obligation its provisions may be enforceable by the Council under any relevant statutory powers.

- 3.2 Words importing the singular shall include the plural and vice versa and any words denoting actual persons shall include companies corporations and other artificial persons.
- 3.3 Any reference to a specific statute or statutes include any statutory extension or modification amendment or re-enactment of such statute and any regulation or orders made under such statute.
- 3.4 The clause and paragraph headings do not form part of this Agreement and shall not be taken into account in its construction of interpretation.
- 3.5 It is hereby agreed between the Parties that save for the provisions of clauses 1, 2, 3, 5, 6, 7 and 8 hereof all of which shall come into effect on the date hereof the covenants undertakings and obligations contained within this Agreement shall become binding upon the Owner upon the Implementation Date.
- 3.6 The Council hereby agrees to grant the Planning Permission on the date hereof.
- 3.7 The Parties save where the context states otherwise shall include their successors in title.
- 3.8 Where any consent approval acknowledgement or expression of satisfaction is required from any of the Parties pursuant to the provisions of this Agreement it will not be unreasonably withheld or delayed.

4. **OBLIGATIONS OF THE OWNER**

The Owner hereby covenants with the Council as follows:-

4.1 **Construction Management Plan**

- 4.1.1 On or prior to the Implementation Date to provide the Council for approval a draft Construction Management Plan.

- 4.1.2 Not to Implement nor allow Implementation of the Development until such time as the Council has approved the Construction Management Plan as demonstrated by written notice to that effect.
- 4.1.3 The Owner acknowledges and agrees that the Council will not approve the Construction Management Plan unless it demonstrates to the Council's reasonable satisfaction that the Construction Phase of the Development can be carried out safely and with minimal possible impact on and disturbance to the surrounding environment and highway network.
- 4.1.4 To ensure that throughout the Construction Phase the Development shall not be carried out otherwise than in strict accordance with the requirements of the Construction Management Plan and not to permit the carrying out of any works comprised in demolition or building out the Development at any time when the requirements of the Construction Management Plan are not being complied with and in the event of non compliance with this sub-clause the Owner shall forthwith take any steps required to remedy such non-compliance.
- 4.2 **Detailed Basement Construction Plan**
- 4.2.1 On or prior to the Implementation Date to provide the Council for approval the Detailed Basement Construction Plan.
- 4.2.2 Not to Implement nor allow Implementation of the Development until such time as the Council has approved the Detailed Basement Construction Plan as demonstrated by written notice to that effect.
- 4.2.3 The Owner acknowledges and agrees that the Council will not approve the Detailed Basement Construction Plan unless it demonstrates by way of certification by a suitably qualified engineer from a recognised relevant professional body to the Council's reasonable satisfaction that the Development can be constructed safely in light of the ground and water conditions and will not cause any structural problems with neighbouring properties nor the Development itself.
- 4.2.4 To ensure that throughout the Construction Phase the Development shall not be carried out otherwise than in strict accordance with the requirements of the Detailed Basement Construction Plan and not to permit the carrying out of any works

comprised in building out the Development at any time when the requirements of the Detailed Basement Construction Plan are not being complied with and in the event of non compliance with this sub-clause the Owner shall upon notice from the Council forthwith take any steps required to remedy such non-compliance.

4.2.5 Not to Occupy or permit Occupation of the Development until a satisfactory post-completion review has been submitted to and approved by the Council in writing by way of certification by a suitably qualified engineer from a recognised relevant professional body confirming that the measures incorporated in the Detailed Basement Construction Plan as approved by the Council have been incorporated into the Development.

4.2.6 Following the Occupation Date the Owner shall not Occupy or permit Occupation of any part of the Development at any time when the Development is not being managed in strict accordance with the Detailed Basement Construction Plan as approved by the Council and in the event of any breach shall forthwith take any steps required to remedy such non-compliance.

4.3 **Highways Contribution**

4.3.1 On or prior to the Implementation Date to pay to the Council the Highways Contribution in full.

4.3.2 On or prior to the Implementation Date to submit to the Council the Level Plans for approval.

4.3.3 Not to Implement or to permit Implementation until such time as the Council has received the Highways Contribution in full.

4.3.4 Not to Implement nor permit Implementation until such time as the Council has approved the Level Plans.

4.3.5 The Owner acknowledges that the Council has the right reserved to it to construct the Public Highway to levels it considers appropriate.

4.3.6 On completion of the Highway Works the Council may provide to the Owner a certificate specifying the sum ("the Certified Sum") expended by the Council in carrying out the Highway Works.

4.3.7 If the Certified Sum exceeds the Highway Contribution then the Owner shall within fourteen days of the issuing of the said certificate pay to the Council the amount of the excess.

4.4 **The Listed Wall Retention Plan**

4.4.1 On or prior to the Implementation Date to provide the Council for approval a draft Listed Wall Retention Plan.

4.4.2 Not to Implement nor allow Implementation of the Development until such time as the Council has approved the Listed Wall Retention Plan as demonstrated by written notice to that effect.

4.4.3 To ensure that throughout the Construction Phase the Development shall not be carried out otherwise than in strict accordance with the requirements of the Listed Wall Retention Plan and not to permit the carrying out of any works comprised in demolition or building out the Development at any time when the requirements of the Listed Wall Retention Plan are not being complied with and in the event of non compliance with this sub-clause the Owner shall forthwith take any steps required to remedy such non-compliance.

5. **NOTICE TO THE COUNCIL/OTHER MATTERS**

5.1 The Owner shall give written notice to the Council on or prior to the Implementation Date specifying that Implementation of the Planning Permission has taken or is about to take place.

5.2 Within seven days following completion of the Development the Owner shall certify in writing to the Planning Obligations Monitoring Officer in the manner outlined at clause 6.1 hereof quoting the Planning Permission reference 2015/0127/P the date upon which the Development is ready for Occupation.

- 5.3 The Owner shall act in good faith and shall co-operate with the Council to facilitate the discharge and performance of all obligations contained herein and the Owner shall comply with any reasonable requests of the Council to have access to any part of the Property or any requests to provide documentation within the Owner's possession (at the Owner's expense) for the purposes of monitoring compliance with the obligations contained herein.
- 5.4 The Owner agrees declares and covenants with the Council that it shall observe and perform the conditions restrictions and other matters mentioned herein and shall not make any claim for compensation in respect of any condition restriction or provision imposed by this Agreement and further shall indemnify the Council for any expenses or liability arising to the Council in respect of breach by the Owner of any obligations contained herein save to the extent that any act or omission of the Council its employees or agents has caused or contributed to such expenses or liability.
- 5.5 If satisfied as to the compliance of the Owner in respect of any obligation in this Agreement the Council shall (if requested to do so in writing and subject to payment of a fee of not more than £1,000 in respect of each such obligation) provide through its Head of Legal Services a formal written certification of compliance, partial compliance or ongoing compliance (as and if appropriate) with the provisions of any such obligation.
- 5.6 Submission of any plan for approval by the Council under the terms of this Agreement shall be made by the Owner to the Council sending the full document and any appendices in electronic format (where practicable) to the Planning Obligations Monitoring Officer referring to the names dates and Parties to this Agreement and citing the specific clause of this Agreement to which such plan relates quoting the Planning Permission reference 2015/0127/P.
- 5.7 Payment of the Highways Contribution pursuant to Clause 4.2 of this Agreement shall be made by the Owner to the Council sending the full amount via electronic transfer (where practicable). The owner shall notify the Planning Obligations Monitoring Officer that payment has been made referring to names date and Parties to this Agreement and citing the specific clause of this Agreement to which such contribution relates quoting the planning reference 2015/0127/P. Electronic Transfer is to be

made directly to the National Westminster Bank of Hampstead Village quoting Sort Code 50-30-03 and London Borough of Camden General Account no. 24299480.

5.8 All consideration given in accordance with the terms of this Agreement shall be exclusive of any value added tax properly payable in respect thereof and all parties other than the Council shall pay and indemnify the Council against any such value added tax properly payable on any sums paid to the Council under this Agreement upon presentation of an appropriate value added tax invoice addressed to the Owner.

5.9 Any sums referred to in this Agreement as payable or to be applied by any party other than the Council under this Agreement shall be paid or applied TOGETHER WITH if such payment or application is made more than three months from the date of this Agreement a further sum ("A") being equal to the original sum payable ("B") multiplied by a figure being a fraction of which the All Items of Retail Prices ("the AIIRP") figure last published by the Central Statistical Office at the date hereof is the denominator ("X") and the last AIIRP figure published before the date such payment or application is made ("Y") less the last published AIIRP figure at the date hereof ("X") is the numerator so that

$$A = B \times \frac{(Y-X)}{X}$$

5.10 All costs and expenses payable to the Council under this Agreement shall bear interest at the rate of 4% above the Base Rate of the National Westminster Bank plc from time to time being charged from the date such payment is due until payment is made.

6. **IT IS HEREBY AGREED AND DECLARED** by the Parties hereto that:-

6.1 The provisions of Section 196 of the Law of Property Act 1925 (as amended) shall apply to any notice or approval or agreement to be served under or in connection with this Agreement and any such notice or approval shall be in writing and shall specifically refer to the name, date and Parties to the Agreement and shall cite the clause of the Agreement to which it relates and in the case of notice to the Council

shall be addressed to the London Borough of Camden, Planning Obligations Officer, Urban Design and Renewal, Planning and Public Protection, Culture and Environment Directorate, Town Hall Annex, Argyle Street, London WC1H 9LP quoting the Planning Permission reference number 2015/0127/P and in the case of any notice or approval or agreement from the Council this shall be signed by a representative of the Council's Environment Department.

- 6.2 This Agreement shall be registered as a Local Land Charge.
- 6.3 The Owner agrees to pay the Council its proper and reasonable legal costs incurred in preparing this Agreement on or prior to the date of completion of the Agreement.
- 6.4 The Owner hereby covenants with the Council that it will within 28 days from the date hereof apply to the Chief Land Registrar of the Land Registry to register this Agreement in the Charges Register of the title to the Property and will furnish the Council forthwith on written demand with official copies of such title to show the entry of this Agreement in the Charges Register of the title to the Property.
- 6.5 Nothing contained or implied in this Agreement shall prejudice or affect the Council's powers to enforce any specific obligation term or condition nor shall anything contained or implied herein prejudice or affect any provisions, rights, powers, duties and obligations of the Council in the exercise of its functions as Local Planning Authority for the purposes of the Act or as a local authority generally and its rights, powers, duties and obligations under all public and private statutes, bye laws and regulations may be as fully and effectually exercised as if the Council were not a party to this Agreement.
- 6.6 Neither the Owner or their successors in title nor any person deriving title from them shall be bound by the obligations in this Agreement in respect of any period during which it no longer has an interest in the Property but without prejudice to liability for any breach committed prior to the time it disposed of its interest.
- 6.7 For the avoidance of doubt the provisions of this Agreement (other than those contained in this sub-clause) shall not have any effect until this Agreement has been dated.

6.8 If the Planning Permission is quashed or revoked or otherwise withdrawn or expires before effluxion of time for the commencement of development this Agreement shall forthwith determine and cease to have effect.

7. **JOINT AND SEVERAL LIABILITY**

7.1 All Covenants made by the Owner in this Agreement are made jointly and severally and shall be enforceable as such.

8. **RIGHTS OF THIRD PARTIES**

8.1 The Contracts (Rights of Third Parties) Act 1999 shall not apply to this Agreement

IN WITNESS whereof the Council has caused its Common Seal to be hereunto affixed and the Owner have executed this instrument as their Deed the day and year first before written

THE FIRST SCHEDULE
Construction Management Plan
Highway Measures

A Construction Management Plan outlines how construction work will be carried out and how this work will be serviced (e.g. delivery of materials, set down and collection of skips), with the objective of minimising traffic disruption and avoiding dangerous situations and minimising the impact on local amenity. A Construction Management Plan should cover both demolition and construction phases of development. Details of the Construction Management Plan will relate to the scale and kind and location of the development and they should assess the impact on transport and on local amenity including road user amenity. Should any one of these criteria be considered not to be relevant, then specific justification, as to why that particular criterion is not relevant, will need to be provided. The Construction Management Plan should demonstrate that the following has been considered and where necessary the impacts mitigated:

(Note the term 'vehicles' used here refers to all vehicles associated with the implementation of the development, e.g. demolition, site clearing, delivering of plant, material and construction, staff parking etc)

- a) A brief description of the site, surrounding area and development proposals for which the Construction Management Plan applies.
- b) Proposed start and end dates for each phase of construction.
- c) The proposed working hours within which vehicles will arrive and depart.
- d) The access arrangements for vehicles.
- e) Proposed routes for vehicles between the site and the Transport for London Road Network (TLRN). Consideration should also be given to weight restrictions, low bridges and cumulative affects of construction on the highway. A map of the TLRN can be downloaded from the following site:-

http://www.tfl.gov.uk/assets/downloads/TFL_Base_Map_Master.pdf
- f) Typical sizes of all vehicles and the approximate frequency and times of day when they will need access to the site, for each phase of construction.
- g) Swept path drawings for any tight manoeuvres on vehicle routes to the site.
- h) Details (including accurate scaled drawings) of any highway works necessary to enable construction to take place.

- i) Parking and loading arrangement of vehicles and delivery of materials and plant to the site.
- j) Details of proposed parking bays suspensions and temporary traffic management orders.
- k) Proposed overhang (if any) of the public highway (scaffolding, cranes etc.).
- l) Details of hoarding required or any other occupation of the public highway.
- m) Details of how pedestrian and cyclist safety will be maintained, including any proposed alternative routes (if necessary), and any Banksman arrangements.
- n) Details of how traffic associated with the Development will be managed in order to reduce congestion.
- o) Details of any other measures designed to reduce the impact of associated traffic (such as the use of construction material consolidation centres).
- p) Details of how any significant amounts of dirt or dust that may be spread onto the public highway will be cleaned or prevented.
- q) Details of consultation on a draft Construction Management Plan with local residents, business, local groups (e.g. residents/tenants and business associations) and Ward Councillors. Details should include who was consulted, how the consultation was conducted and the comments received in response to the consultation. In response to the comments received, the Construction Management Plan should then be amended where appropriate and where not appropriate a reason should be given why not. The revised Construction Management Plan should also include a list of all the comments received. You are advised to check your proposed approach to consultation with the Council before carrying it out.
- r) Details of any Construction Working Group that will be set up, addressing the concerns of surrounding residents, as well as contact details for the person responsible for community liaison on behalf of the developer, and how these contact details will be advertised to the community.
- s) Details of any schemes such as the "Considerate Contractors Scheme" that the project will be signed up to should form part of the consultation and be notified to the Council. Contractors will also be required to follow the "Guide for Contractors Working in Camden" also referred to as "Camden's Considerate Contractor's Manual"

- t) Details of other construction sites in the local area and how your Construction Management Plan takes into consideration the cumulative effects of construction local to your site.
- u) All contractors and sub-contractors operating large vehicles over 3.5 tonnes must meet all of the following conditions:-
- 1) Operators must be a member of TfL's Fleet Operator Recognition Scheme (www.tfl.gov.uk/fors) or similar at the Bronze level.
 - 2) All drivers must have undertake cycle awareness training such as the Safe Urban Driver module through FORS or similar.
 - 3) All vehicles associated with the construction of the Development must:
 - i. Have Side Guards fitted, unless it can be demonstrated to the reasonable satisfaction of the Employer, that the Lorry will not perform the function, for which it was built, if Side Guards are fitted.
 - ii. Have a close proximity warning system fitted comprising of a front mounted, rear facing CCTV camera (or Fresnel Lens where this provides reliable alternative), a Close Proximity Sensor, an in-cab warning device (visual or audible) and an external warning device to make the road user in close proximity aware of the driver's planned manoeuvre.
 - iii. Have a Class VI Mirror
 - iv. Bear prominent signage on the rear of the vehicle to warn cyclists of the dangers of passing the vehicle on the inside.
- v) Any other relevant information with regard to traffic and transport.
- w) The Construction Management Plan should also include the following statement:-

"The agreed contents of the Construction Management Plan must be complied with unless otherwise agreed with the Council. The project manager shall work with the Council to review this Construction Management Plan if problems arise in relation to the construction of the Development. Any future revised plan must be approved by the Council and complied with thereafter."

It should be noted that any agreed Construction Management Plan does not prejudice further agreement that may be required for things such as road closures or hoarding licences

**Second Schedule
The Burland Category of Damage**

Category of damage	Description of typical damage	Approximate crack width (mm)	Limiting tensile strain ϵ_{lim} (per cent)
0 Negligible	Hairline cracks of less than about 0.1 mm are classed as negligible	<0.1	0.0-0.05
1 Very slight	Fine cracks that can easily be treated during normal decoration. Perhaps isolated slight fracture in building. Cracks in external brickwork visible on inspection	<1	0.05-0.075
2 Slight	Cracks easily filled. Redecoration probably required. Several slight fractures showing inside of building. Cracks are visible externally and some repointing may be required externally to ensure weathertightness. Doors and windows may stick slightly.	<5	0.075-0.15
3 Moderate	The cracks require some opening up and can be patched by a mason. Recurrent cracks can be masked by suitable lining. Repointing of external brickwork and possibly a small amount of brickwork to be replaced. Doors and windows sticking. Service pipes may fracture. Weathertightness often impaired.	5-15 or a number of cracks > 3	0.15-0.3
4 Severe	Extensive repair work involving breaking-out and replacing sections of walls, especially over doors and windows. Windows and frames distorted, floor sloping noticeably. Walls leaning or bulging noticeably, some loss of bearing in beams. Service pipes disrupted.	15-25 but also depends on number of cracks	>0.3
5 Very severe	This requires a major repair involving partial or complete rebuilding. Beams lose bearings, walls lean badly and require shoring. Windows broken with distortion, Danger of instability.	Usually > 25 but depends on number of cracks	

Damage Category Chart (CIRIA C580)

30 September 2015

Dear Sir/Madam

DRAFT

FOR INFORMATION ONLY - THIS IS NOT A FORMAL DECISION
Town and Country Planning Act 1990 (as amended)

DECISION SUBJECT TO A SECTION 106 LEGAL AGREEMENTAddress:
11 Cannon Lane
London
NW3 1EL

Proposal:

Demolition of existing single building/structures and replacement with a 6 bed dwelling house with basement.

DECISION

Drawing Nos: Basement Impact Assessment prepared by Chelmer Associates, dated December 2014; Design and Access statement prepared by Planning Sense dated December 2014; Arboricultural Report prepared by Anthony George and associates dated 2 December 2014; Historic Environment Assessment prepared by MOLA dated January 2015; Ground Movement assessment prepared by Chelmer consultancy dated June 2015; Method statement for removal and reinstatement of boundary wall prepared by Vincent and Rymill dated 6 June 2015; Temporary works proposal prepared by Vincent and Rymill dated May 2015; Independent review of Basement Impact Assessment update by LBH Wembley June 2015; EP1000; EP110B; EP101; EP102; EE102; EE103; ES101 dated December 2014, Ap100B; AP101; AP101A; AP102A; AP103B; AP104C; AP105A; AP110B; AS101A; AS102A; AS103; AS104 dated March 2015.

The Council has considered your application and decided to grant permission subject to the conditions and informatives (if applicable) listed below **AND** subject to the successful conclusion of a Section 106 Legal Agreement.

The matter has been referred to the Council's Legal Department and you will be contacted shortly. If you wish to discuss the matter please contact **Aidan Brookes** in the Legal Department on **020 7 974 1947**.

Once the Legal Agreement has been concluded, the formal decision letter will be sent to you.

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans

Basement Impact Assessment prepared by Chelmer Associates, dated December 2014; Design and Access statement prepared by Planning Sense dated December 2014; Arboricultural Report prepared by Anthony George and associates dated 2 December 2014; Historic Environment Assessment prepared by MOLA dated January 2015; Ground Movement assessment prepared by Chelmer consultancy dated June 2015; Method statement for removal and reinstatement of boundary wall prepared by Vincent and Rymill dated 6 June 2015; Temporary works proposal prepared by Vincent and Rymill dated May 2015; Independent review of Basement Impact Assessment update by LBH Wembley June 2015; Sustainability Statement prepared by Metroplis Green dated December 2014; EP1000; EP110B; EP101; EP102; EE102; EE103; ES101 dated December 2014, AP100B; AP101; AP101A; AP102A; AP103B; AP104C; AP105A; AP110B; AS101A; AS102A; AS103; AS104 dated March 2015

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 Detailed drawings, or samples of materials as appropriate, in respect of the following, shall be submitted to and approved in writing by the local planning authority before the relevant part of the work is begun:

a) Details including sections at 1:10 of all windows (including jambs, head and cill), ventilation grills, external doors and gates;

b) Manufacturer's specification details of all facing materials and samples of those materials (to be submitted to the Local Planning Authority) and samples of those materials (to be provided on site).

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 4 No work shall take place on site until a written scheme of investigation (WSI) including detailed design and method statement for the foundation design and all new groundworks has been submitted to and approved by the local planning authority in writing. The development shall only take place in accordance with the details thus approved.

Reason: In order to minimise damage to the important archaeological remains which exist on this site, in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 5 A method statement and photographic record, including details of both sides of the existing brick wall to be dismantled on its relevant parts shall be submitted to and approved in writing by the Council before works are commenced. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 6 Prior to the first occupation of the building a plan showing details of the green roof including species, planting density, substrate and a section at scale 1:20 showing that adequate depth is available in terms of the construction and long term viability of the green roof, and a programme for a scheme of maintenance shall be submitted to and approved in writing by the local planning authority. The green roof shall be fully provided in accordance with the approved details prior to first occupation and thereafter retained and maintained in accordance with the approved scheme of maintenance.

Reason: To ensure that the green roof is suitably designed and maintained in accordance with the requirements of policies CS13, CS14, CS15 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23, DP24 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 7 The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities

shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Development Policies and policy DP27 (Basements and Lightwells) of the London Borough of Camden Local Development Framework Development Policies.

- 8 No development shall take place until full details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the local planning authority in writing. Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To ensure that the development achieves a high quality of landscaping which contributes to the visual amenity and character of the area in accordance with the requirements of policy CS14 and CS15 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 9 All hard and soft landscaping works shall be carried out in accordance with the approved landscape details by not later than the end of the planting season following completion of the development or prior to the occupation for the permitted use of the development or any phase of the development, whichever is the sooner. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the local planning authority gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a high quality of visual amenity in the scheme in accordance with the requirements of policy CS14, [+ CS15 if in CA] of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 10 Prior to the commencement of any works on site, details demonstrating how trees to be retained shall be protected during construction work shall be submitted to and approved by the Council in writing. Such details shall follow guidelines and standards set out in BS5837:2012 "Trees in Relation to Construction". All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local

Development Framework Core Strategy.

- 11 The cycle parking shall thereafter be provided in its entirety prior to the first occupation of the new unit, and permanently retained thereafter.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of policy CS11 of the London Borough of Camden Local Development Framework Core Strategy and policy DP17 of the London Borough of Camden Local Development Framework Development Policies.

- 12 The development hereby approved shall achieve a maximum internal water use of 105 litres/person/day, allowing 5 litres/person/day for external water use. Prior to occupation, evidence demonstrating that this has been achieved shall be submitted to and approved by the Local Planning Authority.

Reason: To ensure the development contributes to minimising the need for further water infrastructure in an area of water stress in accordance with policies CS13 (Tackling climate change through promoting higher environmental standards), DP22 (Promoting sustainable design and construction) and DP23 (Water).

- 13 Prior to construction the development hereby approved shall submit an energy statement demonstrating how a 20% reduction in carbon dioxide emissions beyond Part L 2013 Building Regulations in line with the energy hierarchy has been submitted to and approved in writing by the Local Planning Authority. Prior to occupation, evidence demonstrating that the approved measures have been implemented shall be submitted to and approved in writing by the Local Planning Authority and shall be retained and maintained thereafter.

Reason: To ensure the development contributes to minimising the effects of, and can adapt to a changing climate in accordance with policies CS13 (Tackling climate change through promoting higher environmental standards) and DP22 (Promoting sustainable design and construction).

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement

team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

- 3 The Mayor of London introduced a Community Infrastructure Levy (CIL) to help pay for Crossrail on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay this CIL. It will be collected by Camden on behalf of the Mayor of London. Camden will be sending out liability notices setting out how much CIL will need to be paid if an affected planning application is implemented and who will be liable.

The proposed charge in Camden will be £50 per sqm on all uses except affordable housing, education, healthcare, and development by charities for their charitable purposes. You will be expected to advise us when planning permissions are implemented. Please use the forms at the link below to advise who will be paying the CIL and when the development is to commence. You can also access forms to allow you to provide us with more information which can be taken into account in your CIL calculation and to apply for relief from CIL.

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will then issue a CIL demand notice setting out what monies needs to paid when and how to pay. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or correspondence to CIL@Camden.gov.uk

- 4 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, Sites Team, Camden Town Hall, Argyle Street, WC1H 8EQ.
- 5 This site is within an area of archaeological significance/archaeological potential where development is likely to result in the destruction of ancient remains. Your attention is drawn to the British Archaeologists and Developers Liaison Group Code of Practice agreed by the British Property Federation and the Standing Conference of Archaeological Unit Managers. The Council recognises and endorses this Code and will expect the developer and approved archaeological organisations to abide by its provisions.
- 6 With regard to surface water drainage it is the responsibility of a developer to make proper provision for drainage to ground, water courses or a suitable sewer. In respect of surface water it is recommended that the applicant should ensure that

storm flows are attenuated or regulated into the receiving public network through on or off site storage. When it is proposed to connect to a combined public sewer, the site drainage should be separate and combined at the final manhole nearest the boundary. Connections are not permitted for the removal of groundwater. Where the developer proposes to discharge to a public sewer, prior approval from Thames Water Developer Services will be required. They can be contacted on 0800 009 3921.

Reason - to ensure that the surface water discharge from the site shall not be detrimental to the existing sewerage system

- 7 Where a developer proposes to discharge groundwater into a public sewer, a groundwater discharge permit will be required. Groundwater discharges typically result from construction site dewatering, deep excavations, basement infiltration, borehole installation, testing and site remediation. Groundwater permit enquiries should be directed to Thames Water's Risk Management Team by telephoning 020 8507 4890 or by emailing wwriskmanagement@thameswater.co.uk. Application forms should be completed on line via www.thameswater.co.uk/wastewaterquality. Any discharge made without a permit is deemed illegal and may result in prosecution under the provisions of the Water Industry Act 1991.
- 8 Thames Water requests that the Applicant should incorporate within their proposal, protection to the property by installing for example, a non-return valve or other suitable device to avoid the risk of backflow at a later date, on the assumption that the sewerage network may surcharge to ground level during storm conditions

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully

Culture and Environment Directorate

DATED 6 November 2015

(1) ALEXANDER MURRAY GREENWAY and CHARLES MURRAY GREENWAY and SAMANTHA MURRAY GREENWAY

and

(2) THE MAYOR AND BURGESSES OF THE LONDON BOROUGH OF CAMDEN
