Application Ref: 2015 /5898/P

Dear Sir/Madam

Regarding to above reference where new planning being considered to Coram Street WC1. As I have received your letter today for planning application consultation, but due lack of time for such consultation possible decision have already been considered.

I have been trading at 58 Coram Street for many years. If possible proposed work goes head as outlined on your letter where my business will be affected. We are already struggling to survive where further destruction will make situation worse.

As a local business we are supporter of improving public services and including scheme of cycle lane and instillation of terminal.

I therefore ask planning authority to reflect the loss of our business from construction and overall destructions for consider possible compensation. I do reserve my right to claim loss of revenue and other cost may occurs during and after such proposed work.

Looking forward to receive your reply and feedback.
