To whom it may concern

Re: Mornington Dental Surgery

Our estate houses 173 families from all different countries, cultures and religions and I would say that most of our tenants use this surgery and are more than happy with the service that they receive.

Dr. Benham has expanded this very vital dental surgery over the years and as it has grown so has his reputation for providing a high level care to his patients.

Godwin & Crowndale Tenant Management Co-operative would fully support Mornington Dental Surgery in their intention to take over of the rental of 14 Crowndale Road and the necessary change the use of the premises to expand this much needed dental surgery.

Yours faithfully

Lola Cordara-Soanes
Chair
For and on behalf of the
Godwin & Crowndale TMC
