Re: Parking at the rear of the shops

Crowndale Business Forum would like to lend their support to Mornington Dental Surgery in their proposed change of use of 14 Crowndale Road from a retail (use class A1) to a dental surgery (use class D1). The proposed change of use would be beneficial to the community as it would help facilitate the high demand for NHS dental service in the area.

After intensive refurbishment and change of ownership in 2010, Mornington Dental Surgery was transformed. This transformation attracted a diversity of customers, and created a positive image in the surrounding area. This ultimately influenced and generated trade within the area. Crowndale Business Forum has benefited immensely from this diversity and increase in trade.

Mornington Dental Surgery has earned its reputation as a reputable dental service provider and this is reflected in the high demand for its services. We at Crowndale Business Forum show no hesitation in expressing our full support,
