Drawing Nos: 18CC-E-01, 18CC-E-02, 18CC-E-03, 18CC-E-04, 18CC-P01-A, 18CC-P02-A, 18CC-P03, 18CC-P04-A, Design Access & Heritage Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 18CC-E-01, 18CC-E-02, 18CC-E-03, 18CC-E-04, 18CC-P01-A, 18CC-P02-A, 18CC-P03, 18CC-P04-A, Design Access & Heritage Statement.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The widening of the existing opening to the rear of the property and replacement French doors are considered to have an acceptable impact on the character and appearance of the listed building and would not result in the undue loss of historic fabric. Furthermore, the replacement of the 2nd floor rear window with a traditional timber framed sash window would match the existing fenestration of the property and enhance the appearance of the building and surrounding conservation area.

The alterations would not give rise to any adverse impact on the amenity of neighbouring occupiers in terms of loss of light, outlook or privacy.

No objections and one comment were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.16 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to

- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings.
