**Re: Listed Building consent  
For 27 Grove Terrace, London, NW5 1PL.**

**02.12.2015**

Dear James and Charles,

Further to our discussions and various correspondence regarding the inclusion of a jib door to access the front room at ground floor from the hall we now write for permission to carry out the works.

We understand that you were not adverse to this arrangement of door, as it is likely that originally a door would be in this position originally when the house was built. As evidence of this I attach a plan from the 1972 lease agreement which indicates a door to this vicinity.

Should you have any queries regarding this minor request please give me a call.

Kind regards,

Treana Boon

Enc. Plans 411-09 rev G Proposed ground and lower ground floors.  
Plan included in the 1972 lease agreement
