

A photographic report of the existing doors and door architraves of the house can not be submitted due to the fact that 10 Chester Terrace is currently a building site, therefore any picture taken now would not show yet the final appearance of the various elements of the house. The works that are currently carried out are as per Planning Approval and Listed Building Consent Ref. 2014/7481/P and Ref. 2014/7510/L.
