

58 St. Alban's Road, Parliament Hill, London NW5 1RH:

Application for Tree Works: Pollarding to Tree No: 6233

I am a lessee from Camden Council and tree No 6233 lies in the demise of my Lease (front garden). Previously, prior to my ownership, Tree No 6233 was subject to regular pollarding as there is evidence of historic (but not current) subsidence in the building.

I wish to continue to pollard Tree No 6233 every two years as a precaution, cutting back the branches to the limits determined by Camden Council previously.

I request permission to do this.

I hope to carry out this work in the last week of January.

Camden Council hold the plan of my flat and garden.

However, I attach a plan of the land registry and I have clearly marked the location of Tree No 6233 on it.

Maralyn Lai

Lessee: No 58 St. Albans Road, NW51RH.
