Proposal: Installation of an awning to shopfront.

Drawing Nos: Cover letter dated 09/07/2015; Site location plan Scale 1:1250 and 1:100; 1 unnumbered drawing of Front Elevation and Side Elevation Scale 1:50; Photo montage of proposed awning; Photo of existing shopfront

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Cover letter dated 09/07/2015; Site location plan Scale 1:1250 and 1:100; 1 unnumbered drawing of Front Elevation and Side Elevation Scale 1:50; Photo montage of proposed awning; Photo of existing shopfront

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

#### Informative(s):

- 1 Reasons for granting permission.

The awning is considered acceptable in terms of position, design and materials. It would be fixed above fascia level and compliment the character and scale of the shopfront and surrounding area. The height is measured 2.2m, which does not meet the minimum requirement of 2.3m, but this is considered acceptable given that other blinds along the walk are much less than the minimum requirement. The awning is not considered to be harmful to public safety.

The site's planning history was taken into account when coming to this decision. No objections were received following consultation.

Special regard has been attached to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses, under s.66 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25, and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of The London Plan March 2015, consolidated with alterations since 2011; and paragraphs 56-68, and 135 of the National Planning Policy Framework.
