To whom it may concern,

I would like to raise objections against the planned building in 156 West End Lane. We live in 2 Lymington Road and will be totally build in by the planned development.

- Height is horrendously inappropriate, as we will have an immense loss of daylight in our house. Every other claim is simply a lie, this building will overshadow our garden and our house, and it will be overlooked by a lot of people so children can not play safely in the garden any more.
- We will be disturbed by building noise for years. This will immensely influence our quality of life.
- With several other block developments currently underway West Hampstead will be transformed from a nice village like area to a city like environment, awfully changing and destroying the character of West Hampstead.

Regards,  
Stefanie Hoffart
