2015/6455/P	Redington Frogmal Association	? 12A Hollycroft Avenue	09/12/2015 22:57:29	OBJ	<p>The bulk and massing of the proposed design would have a severely negative impact, both on the West Hampstead townscape and the streetscape of the roads running east off West End Lane.</p> <p>The proposed block will destroy the area's special and village-like quality and lead to its degradation.</p> <p>We urge you to adopt the vastly superior design proposed by Create Streets. This would greatly enhance the street and form a very positive contribution. It is an opportunity not to be missed.</p>
