Dear Iraj

**Re: 57 Belsize Park, London NW3 4EH**

Thank you for your instructions for me to reinspect the above premises to confirm the current accommodation provided.

I am pleased to confirm I was able to inspect these premises on 27 October 2010.

I was able to gain access into all the units, including Flat 3 which, since my last inspection on 31 January 2008, you have taken surrender of the previous long lease. I can confirm, with the exception of Flat 3, that the accommodation has not changed since my inspections of 31 March 2006 and 31 January 2008. With the exception of the new layout to Flat 3 and some other minor amendments, the Schedule of Accommodation has not changed since my inspection of 31 March 2006. A copy of that Schedule is enclosed for ease of reference.

I enclose with this report a set of the floor plans dated March 2006 showing the new layout of Flat 3 which I have countersigned as at 27/10/10. I have also taken the liberty of including all the fitted wardrobe and table tops, some of which were previously omitted. At the same time, I have indicated the position of fixed central heating radiators.

I therefore summarise that there is a total of 23 units in this building and that each unit of accommodation is fully self-contained in that each has its own kitchenette and shower/WC internally behind closed doors.

Yours sincerely

Dear Iraj,

**57 BELSIZE PARK, LONDON NW3**

I thank you for your instructions for me to inspect these premises to confirm the current accommodation provided. My last visit was on the 31<sup>st</sup> March 2006. I have been involved with these premises now for some twenty years providing various professional services to be summarised as follows;

- a. Handling applications for the determination of fair rents with regard to the regulated tenancies.
- b. Advising compliance with various notices served under the Housing Act to put the premises in good repair and provide better facilities generally and specifically with means of escape in case of fire.
- c. General advice concerning the conversion of the roof void to provide habitable accommodation.

I did not inspect Flat 3 which is sold on a long lease. I can confirm that the accommodation that I noted is in accordance with the drawings prepared by Mr David Silverman under reference 06/127 comprising 23 units. I enclose signed reduced (A4) size plans. See attached schedule. It is to be noted that each unit of accommodation is now fully self-contained that is it has its own kitchenette and shower/wc internally behind closed doors. All the units have a built-in wardrobe and in addition a worktop adjacent to the kitchen sink. Plus all the units were noted to be fully furnished with bed linen and appeared occupied.

Yours faithfully

Dear Iraj

**57 Belsize Park, London NW3 4EH**

Thank you for your instructions for me to reinspect the above premises to confirm the current accommodation. This inspection follows on from my earlier inspections of 31 March 2006, 31 January 2008 and 27 October 2010.

I am pleased to advise that I was able to inspect the premises on 27 June 2012 and can confirm that there has been continuity of use and layout as self-contained accommodation. The schedule dated 31 March 2006 is still the position other than, as reported in 2008, the layout of Room 3 has been changed, but was previously and has continued to be self-contained with its own kitchenette and shower/WC internally behind closed doors. There are still 23 units within this building, each fully self-contained behind closed doors.

Yours sincerely
