17 December 2015

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
30 Euston Square
London
NW1 2DA

Proposal: Installation of 2no. wall-mounted air-con units on rear (North) elevation

Drawing Nos: LCN15-9-01; LCN15-10-02; and LCN15-10-03.

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new work and work of making good shall be carried out to match the original work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The external noise level emitted from plant, machinery or equipment at the development hereby approved shall be lower than the lowest existing background noise level by at least 5dBA, by 10dBA where the source is tonal, as assessed according to BS4142:1997 at the nearest and/or most affected noise sensitive premises, with all machinery operating together at maximum capacity.

Reason: To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policies DP26 and DP28 of the London Borough of Camden Local Development Framework Development Policies.

- 4 The development hereby permitted shall be carried out in accordance with the following approved plans: LCN15-9-01; LCN15-10-02; LCN15-10-03.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission

The proposed 2 no. wall-mounted air-conditioning units would be modest in size and they would be located at the rear of the building, on the side of the lift shaft and below an existing wall-mounted grille. Although the units would be at an elevated position on the host building, they would be largely screened from public view due to the height of the building. By virtue of the design and siting, the proposed works would not cause harm to the listed building, or to any features of special architectural or historic interest which it possesses.

Subject to a suitable condition, the wall-mounted air-conditioning units would not cause any harm to local amenity by way of noise levels either.

Neighbouring occupiers were consulted on the application and public consultation was undertaken by placement of a press and site notice. No responses were received. The application site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character

or appearance of the conservation area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposed development is in general accordance with Policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and Policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with Policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and the provisions of paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework 2012.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
