## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**1 Leverton Place**  
**London**  
**NW5 2PL**

Proposal:  
External alterations including the erection of a single storey rear extension at second floor level.

Drawing Nos: 002 001, 005 001, 003 002, 004 002, 006 002, Design & Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 002 001, 005 001, 003 002, 004 002, 006 002, Design & Access Statement.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 4 The flat roof of the existing first floor rear extension shall not be used at any time as an amenity roof terrace.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The size, scale and bulk of the proposed single storey rear extension is considered to form a subordinate addition to the host building and respects the character and setting of the neighbouring properties. Whilst the extension would not be set one full story below the existing eaves of the property, as required in CPG1, it is considered acceptable in this instance given the presence of similar sized extensions to the neighbouring properties at 2 and 3 Leverton Place. The proposed new side and rear facing timber sash windows would match those of the existing property and would preserve and enhance the appearance of the surrounding conservation area.

The proposed extension would be set in from the shared boundary with No.2 Leverton Place by approximately 2 metres and its height and depth would not significantly harm the amenity of any adjoining occupiers in terms of loss of light, outlook, or privacy.

One objection was received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory

Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
