OBJECTION

**Response:**  
Dear Planning Committee,

If this is the tree I think it is, I strongly object to it being felled. I assume it is the tree that stands between Grove End Lodge and the Highgate Chapel pastor's house. It's upper branches are close to Denyer House. I've lived in this house (6 Twisden Road) for nearly 15 years, and that tree has been a constant source of pleasure for me. I see it from every room at the back of my house. The population density here is extremely high. Any signs of nature are welcome, and that tree breaks up the view of endless buildings. It no doubt also helps to improve air-quality in an area which suffers from heavy pollution. We should be planting as many trees as we can rather than chopping them down. I strongly object to its destruction.

Yours Sincerely

Chris Gayford
