The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and

Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans CRE PL GA 08, CRE PL GA 07, CRE PL GA 06, CRE PL GA 05, CRE PL GA 04, CRE PL GA 03, CRE PL GA 02, CRE PL GA 01, CRE EX GA 08, CRE EX GA 07, CRE EX GA 06, CRE EX GA 05, CRE EX GA 04, CRE EX GA 03, CRE EX GA 02, CRE EX GA 01.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 4 The flat roof of the extension hereby approved shall not be used at any time as a roof terrace.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The proposed rear dormer is acceptable in principle as the terrace of buildings along Cressy Road, Constantine Road and Agincourt Road have several roof extensions of varying sizes already which have impaired the roofline and which set a precedent for future extensions. The materials and windows proposed are acceptable, ensuring the dormer has a traditional appearance and would not represent an incongruous addition.

Whilst the single storey rear extension would wrap around the existing closet wing to the rear of the property, it would be similar in size and design to neighbouring extensions in the area. Therefore, the proposed scheme overall is considered not to harm the character and appearance of the host building and surrounding conservation area.

The proposal would not give rise to any adverse impact on the amenity of

neighbouring occupiers in terms of loss of light, outlook or privacy.

No objections were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
