2015/6218/P	Ali Al-Khafaji	Flat D 37-39 Arkwright road London NW3 6BJ	24/12/2015 00:48:33	OBJ	<p>As a resident on Arkwright road, I would like to formally object to the new residential development as stated above.</p> <p>(1) The development will encroach on what is already very small garden space. Existing garden space will be lost.</p> <p>(2) The small, very quiet lane which runs behind our houses, accessed via Frognaal, will now attract traffic to the three proposed houses.</p> <p>(3) Already crowded, high density neighbourhood.</p> <p>(4) Development does not address acute London housing shortage, and is targeted at the high end resale/rental market.</p> <p>(5) Garden sheds get built at the bottom of gardens - not houses!</p>
