Drawing Nos:  
HR102/EX0, HR102/EX1, HR102/EX4, HR102/EX5, HR102/PP1RevC, HR102/PP4,  
HR102/PP5RevA.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The wall hereby approved shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

HR102/EX0, HR102/EX1, HR102/EX4, HR102/EX5, HR102/PP1RevC, HR102/PP4, HR102/PP5RevA.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 4 No part of the flat roof area above the single storey rear extension hereby approved shall be used as a roof terrace, and any access out onto this area shall be for maintenance purposes only.

Reason: In order to prevent any overlooking of the neighbouring occupiers in accordance with the requirements of policy CS5 (Managing the impact of growth and development) of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 (Managing the impact of development on occupiers and neighbours) of the London Borough of Camden Local Development Framework Development Policies.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed rear extension is considered to be of an acceptable design. The simple flat roofed rectilinear design is considered to be in keeping with the appearance of the existing building. The extension is considered to be of a scale in keeping with the size of the existing building and the walls would match the existing building. The property is not located within a conservation area, the building is not listed nor within the setting of a listed building.

The proposed rear extension is considered to have an acceptable impact on the amenity of adjoining and nearby properties. Adjoining properties have large and wide glazing at rear ground floor level ensuring the proposal will not have an unacceptable impact on solar access or outlook. The proposal does not include any side windows and as such is not considered likely to result in overlooking of any adjoining properties. The roof would be easily accessible from the first floor windows, therefore use of the roof as a terrace would unacceptably impact on the privacy of adjoining and nearby properties. As such a condition is recommended

restricting use of the roof as a terrace.

The proposed extension will not appear alien within the surrounding as there are recent permissions granted on Hawtrey Road at No.52, 56 and 86. There are similar extensions on Fellows Road and various along Lower Merton Rise which were recently given permission (2011 to date).

The extension would replace an existing smaller single storey extension, however the outdoor amenity space would not be materially affected as at least 50% of the rear area would still remain.

No objections were received prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2015 consolidated with alterations since 2011; and paragraphs 14, 17, and 56 -66 and 126-141 of the National Planning Policy Framework.
