

2B PRIVATE INTERNAL 09 BATHROOM SANITARYWARE AND FITTINGS

2B-09.01 ORIGINAL DESIGN

Many of the original fittings survive and as these are an integral and distinctive part of the overall design, it is recommended that residents retain them where possible.

2B-09.02 MAINTENANCE

Plumbing and services access?
overflows?

2B-09.03 APPROVED CONSERVATION METHODS

A toilet cistern been approved by English heritage for use in the reinstatement of void properties. This is Armitage Shanks 'Regal' slim line plastic toilet cistern, and for anyone interested in preserving their flat as original this is a good match.

2B-09.04 ADDITIONS AND ALTERATIONS

The upgrading of bathroom sanitaryware and fittings will be permitted without the need for Listed Building Consent. However, they must be installed in their original location and therefore will necessarily be of a similar size to the existing.
