Dear Sir / Madam & Jerry Oxford,
Please note that the above application for work on trees at 2 Akenside Road, NW3 5BS does NOT make mention of a TPO on a ginkgo tree in our garden - we have a common boundary the length of both gardens - & also appears to be requesting the felling (complete removal) of a lime tree which is in our garden.
Please investigate these matters urgently & contact us to put our minds at rest - we have always looked after our trees as befits them & the conservation area they are in , as all your records will show.

Thank you.

Thank you again,
