Dear Mr. Peresdacosta

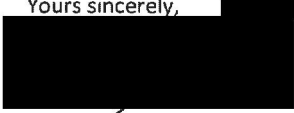

OBJECTION TO PLANNING APPLICATION 2015/4800/P

The purpose of this letter is to officially register and notify you and Camden Council of our objection to the above planning application based on the reasons set-out below:

1. The building of a house on an existing road which is currently being used by the existing residents for emergency services will seriously threaten the lives and well-being of those residents.
2. The garages situated on one-side of the road will have to be demolished thereby depriving those residents of a secure parking facility. Moreover, we are extremely concerned about the absence of any plan to provide the existing residents with any alternative parking space/facility.

Hence, on the grounds sighted above we **strongly object** to the application (Ref. 2015 4800/P) submitted.

Yours sincerely,

DR. AHMED SHAWKI
Owner and Resident
