Far too dense, far too high.
W. Hampstead is already a v busy
intersection - Traffic & people.
Pulling down good housing doesn't make
sense & sets a terrible precedent.

My understanding is that the development will provide private high value housing. There is no shortage of such housing in West Hampstead! Apparently this is the last piece of land owned by Camden - what exactly are the funds going to be used for?

HEIGHT - INAPPROPRIATE 7 STOREY BLOCKS WILL DETRACT FROM WEST HAMPSHIRE'S VILLAGE FEEL + BLOCK OUT THE SKY. BULK, MASSING, DENSITY + SCALE IT'S A HUGE BLOCK WHICH WOULD CHANGE THE CHARACTER OF WEST HAMPSHIRE. UGLY DESIGN IF YOU WANT TO MAKE A LOT OF MONEY FROM THIS, WHY NOT BUILD AN OLD FASHIONED ^{VICTORIAN/EDWARDIAN} MANSION BLOCK ON THE TRAVIS PERKINS FOOTPRINT WITH MEWS HOUSES BEHIND RATHER THAN A PRO-FORMA DESIGN WE SEE ALL OVER THIS POOR CITY OF OURS. IF YOU WANT TO ACTUALLY SERVE THE ^{COMMUNITY THEN} BUILD SOCIAL HOUSING - SEE OVER LEAF - AMENITY - WATER, SEWAGE, SCHOOLS, GPs, PUBLIC TRANSPORT OVERCROWDING - ALL THESE EXTRA PEOPLE WILL OVERWHELM OUR AMENITIES, AS I SAID YOU ONLY ASSESS EACH NEW BLOCK SEPARATELY, YOU'LL HAVE A SHOCK WHEN THEY ARE ALL UP + RUNNING MAKING DEMANDS ON AMENITIES. CONSERVATION AREA VIEWS INTO + OUT OF THE CONSERVATION AREA WILL BE LOST, SETTING A WORRYING PRECEDENT. CONSERVATION AREAS ARE NOT MEANT TO BE GHETTOS BY OPPRESSIVE HUGE, TALL BLOCKS. The proposed height of the development is out of keeping with the area, as is the bulk and design.

The area is already hugely over-populated and the local infrastructure cannot cope. There doesn't appear to be any consideration of the cumulative impact of all the developments underway or proposed for the local area, particularly on transport, doctors, dentists, schools etc. The proposal appears to ignore the impact on the neighbouring conservation area and the number of properties and community areas that will now be overshadowed and overlooked. Danger to pedestrians from the concealed access road would appear to be increased as well.

① These blocks are ruining the look and feel of west Hampstead.

② Importantly infrastructure such as roads (West End Lane) and transport infrastructure cannot cope with this additional demand.

③ Views in and out of conservation area are dramatically negatively impacted.

④ Seven storeys is clearly inappropriate.

⑤ raft of developments in Iveson, Maygrove etc already have had a significant negative impact.

⑥ Amenities such as GPs, schools etc cannot cope.

I am 8 yrs old and object to the application, because I play on the football pitch every week, off Lymington Road and I do not want to lose that space, because it keeps me healthy and it is a free space. A part from the smaller pitch on Sumatra Road, this pitch is the only one in West Hampstead. Losing it will effect my well being and right to play. It makes me feel sad. I wish it could be renovated with Astro turf. ☹️

The impact of these new developments will obstruct/obscure Sunlight — as does already the development in Blackburn Rd. Every day at a certain time Sun is reflected into my living room from windows on this block — making it unusable for periods of time till the sun has passed — This New Development will have the same, if not greater effect/impact on my home — Blackburn Rd already destroys a small but delightful view I used to have into Central London.

The strain on already overstretched community facilities i.e. G.P. Services (which I have to use a lot) will be at breaking point with additional residences in an already overcrowded area! West Hampstead is full — The noise, dirt, heavy goods vehicles on Lyons Rd/West End Lane will be intolerable! — I feel this development will go a long way to further destroying what is — a very safe, close & friendly community which has been in place for generations.

- The height is inappropriate at seven storey blocks ~ far too high.
- The scale of the development is over intensive for the area of land.
- It will impact on the infrastructure greatly - Gp's school places overcrowding on pavements, bus stops and stations.
- It will overshadow and overlook homes, gardens, childrens play area and open space on Crown Close and Lymington Road Estate.
- There will be lack of visibility for pedestrians and vehicles from ~~the~~ new road accessed via a brick archway in West End Lane.
- The views in and out of the conservation area will be eradicated for ever.

- **Height** - inappropriate seven storey blocks.
- **Bulk, massing, density, scale** - over-intensive over-development.
- **Design** - claims to be "modern mansion blocks". UGLY.
- **Amenity** - lack of infrastructure, school places, GPs, overcrowding of pavements and stations.
- **Lack of cumulative impact assessment** - the raft of developments already under way in the area - Ballymore, Iverson, Maygrove and Liddell Roads are all yet to be populated.
- **Impact on Conservation Area** - views in and out of the Conservation Area will be eradicated forever, as shown by the developer's own image below, setting a worrying precedent for Conservation Areas across Camden.
- **Employment** - Loss of business floorspace arising from the eviction of Travis Perkins.
- **Lack of transition from "high street" to "side street"** - as shown in the photo below, contrary to all other side streets leading off of West End Lane.
- **Overshadowing and overlooking** - negative impacts on homes, gardens, children's play areas and open space on Crown Close & Lymington Road Estate.
- **Access** - Dangerous lack of visibility for pedestrians and vehicles from a concealed new road accessed via a brick arch onto/from a dangerous bend in West End Lane.

MAJOR LOSS OF LIGHT - ILLEGAL?

- 1) seven storeys is just too high in relation to the rest of the main road
- 2) Over population of area around the main road resulting in more congestion of pavements, public transport (buses included), dangerous roads to cross. A loss of a village atmosphere is lost forever!
- 3) With no additional parking spaces made available, the existing resident parking in surrounding area will be badly affected by new houses. This situation is very unfair to residents on those roads who are already struggling to get parking spaces as it is.

Camden Council needs to become more aware — more to be a true advocate & champion for pressing housing needs. These needs run hand in hand with the massive ^{dangers} damage to the basic building blocks of a fair, just & supportive democratic etc etc.

Stopping the Blocks is a vital starting point.

- MORE BLOCKS WILL DESTROY THE COMMUNITY and put
EVEN MORE PRESSURE ON THE INFRASTRUCTURE &
AMENITIES..
