The proposed shopfront will be largely glazed with an aluminium fascia panel, mirroring that of the adjoining unit. Taking in to consideration that the host building is fairly modern, the changes are not believed to be harmful to the character and appearance of the host property, the conservation area, or the streetscene.

The site's planning and appeal history has been taken account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP 25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 126141 of the National Planning Policy Framework.
