

- NOTES:
1. This drawing is to be read in conjunction with all relevant contract documentation from the design team, with any conflicting information to be brought to the attention of Farrer Huxley Associates in writing before commencing on site.
 2. The contractor is to check and verify all levels and dimensions before construction. Any discrepancies are to be brought to the attention of Farrer Huxley Associates in writing before commencing on site.
 3. All dimensions in mm, unless otherwise stated.
 4. Do not scale from this drawing.
 5. All sub base and concrete design and specification to engineer's details. All diagrams provided here are purely indicative.
 6. Waterproofing of any element to be specified by others.
 7. All proprietary products shall be installed in accordance with manufacturers written instructions.
 8. Plant numbers are an indication only and plants should be ordered to suit site areas in accordance with scheduled plant densities.
 9. Any proposed plant substitution shall be agreed with the landscape architect prior to ordering.

Key

	Conserved Topsoil Retained in place
	Imported Topsoil to new planting areas To new planting areas

Notes:
Levels adjacent to existing trees are to be retained. Imported soil levels are to be reconciled as necessary.
Refer to FHA586L402 and Arboricultural Development Statement - **CBA7595 v1B**

In areas of proposed tree planting within the existing soft landscape (Community Open Space), trees are to be planted with localised importation of topsoil as necessary.
