Condition(s) and Reason(s):

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The proposal for French doors replacing an existing door and window is a minor alteration in keeping with the appearance of the host building and would be similar in design and materials to other fenestration here.

The proposal is considered to preserve the character of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers as there would be no increased overlooking from the additional door accessing the balcony.

No comments have been received prior to making this decision. The site's planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25, and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with policies 7.4 and 7.6 of The London Plan March 2015; and paragraphs 14, 17, and 56-66 of the National Planning Policy Framework.
