I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

- There are too many high density developments having a massive impact on the area.
- This is too high + there is no need for more luxury flats + there needs to be low cost housing or community resources
- It will overshadow local amenities and hinder visibility on side streets.

Your comments

The height of the proposed block will be yet another blight on the town landscape of West Hampstead.

The space would be better served as a public space, affordable housing or space for local business to start-up.

I would personally like to see this as green space to help the local habitat to thrive and be enjoyed by all.
