Affordable housing joke! Wealthy only no "real"
ordinary people can afford them.

No parking spaces in this area already

Transport - Road crossing - very dangerous

Buses + traffic at a stand-still already.

Impact on local Doctors surgeries + schools

No money - no spaces

No real Benefits to local people. Just the rich
getting Richer on lies + half-truths!

Its an absolute disgrace that the council are planning to build MORE unaffordable living quarters. Does NO ONE think about the people that live & have lived here all their lives! It affects us all - especially us poor folk that cannot possibly afford these places. We are already feeling claustrophobic with the railway blocks going up!

THINK OF US FOR A CHANGE

Your comments

Improve infrastructure prior or in
conjunction with new developments.

The tube station is already horribly
overcrowded - not large enough for the
number of people.

Not enough bridges to get traffic
over the Thameslink tracks

GP surgeries unable to cope with
2000+ new local residents.

+ schools

Improve refuse collection - it makes the
area dirty and unsightly.

Your comments

The stations are already overcrowded + at times it is already impossible to access the tube, with people spilling onto the road + present a hazard. The area cannot take this further addition of substantially more people.

I am also concerned about the impact on views - current development is W.H. Square already destroys open views. Future development will ruin views in the area.

The roads cannot take more cars. Another large development will inevitably bring more traffic into the area.

Your comments

I object to the Planning Application for 156 West End Lane. we already have one massive development underway at W. Hampstead station which is going to overload an already crowded area of population. Enough is enough!!

The traffic issue is appalling, footfall after makes it impossible to walk up West End Lane, we are overpopulated now!! we are a village area, more blocks of flats will ruin what was a beautiful area completely.

There is nothing wrong with the current buildings they are not that old and should be refurbished and converted into flats. There would be nothing wrong with that. The motive for these new blocks are (a) Money and (b) Greed!!!

- There are many other ways that the money for this construction can be spent.
- Facilities for young people, the elderly and for the homeless are a much more vital need for London - stop building upon areas of wealth and develop areas that need help.
- ~~/// Educational facilities are dwindling in quantity and quality as further cuts limit children's education. Stop gentrifying and start educating!~~
