2015/6811/P	Francesca Adams	5 Burdett Mews Belsize Crescent London NW3 5QX	01/01/2016 20:48:02	OBJ	<p>I object to the conversion of this premises from offices to residential for the following reasons.</p> <p>The existing flats have fire escapes out onto Burdett Mews' flat roofs. The proper use of these fire escapes is often abused by the occupiers, who use the fire escapes as a recreational terrace and walk on the flat roofs. Not only is this trespassing, but an invasion of privacy due to the skylights which look into the houses.</p> <p>Changing the premises from offices to residential would mean it is likely that this will happen more often – this is unacceptable and I am not prepared to 'chase' people off my roof, as has needed to be done in the past.</p>
