Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
36a Highgate West Hill
London
N6 6LS

Proposal:
Erection of a close boarded fence adjacent to the existing boundary wall surrounding the woodland garden.

Drawing Nos: 601-P-1392-000; 601-P-1397-000; 601-P-1393-001.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 601-P-1392-000; 601-P-1397-000; 601-P-1393-001.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed fence is considered to be appropriate in terms of scale, form, materials and design and would conserve and enhance the character and appearance of the conservation area. The addition of the proposed fence would bring the boundary treatment to a height in keeping with the adjacent boundary fences and would integrate into the street scene. The proposal is a sufficient distance from the grade II* Witanhurst so as not to detract from the setting of this listed building.

The proposal has been revised and the fencing adjacent to the drinking fountain removed, as it was considered detrimental to the fountains setting. Removing this section of the proposed fence would also help to retain an open aspect and views of the woodland from the street.

The proposed works are not considered to have a harmful impact on the amenity of any adjoining occupiers.

One objection has been received and the site's planning history has been taken into account when coming to this decision.

The site's planning history has been taken into account when coming to this decision. Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 (LB's) and s.72 (CA's) of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden

Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
