Proposal:  
Replacement of existing single glazed timber framed windows and doors to double glazed timber framed windows and doors on the rear elevation.  
Drawing Nos: Site location plan; 5659/PP/ -(02/A, 03, 04, 05, 06)

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the

following approved plans; Site location plan; 5659/PP/ - (02/A, 03, 04, 05, 06)

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission.

The proposed replacements are considered acceptable in terms of design and materials. The proposed works involve replacement of existing single glazed timber framed windows and doors with double glazed, which replicates the existing pattern. The proposal would complement the existing building and meets the requirement set out in CPG1 Design, section 4.7 'new windows should match the originals as closely as possible in terms of type, glazing patterns and proportion' and also 'where timber is the original window material, replacements should also be in timber frames'. Given the proposed windows and doors are replacements, the proposed works are not considered to have any harmful impact on the amenity of adjoining occupiers or adjacent listed building on South Grove (United Reformed Church). Hence, the proposal would respect the character and appearance of host building and conservation area.

No comments have been received prior to making this decision. The site's planning history was taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25, and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of The London Plan March 2015, consolidated with alterations since 2011; and paragraphs 56-68, and 135 of the National Planning Policy Framework.
