Dear Sirs

**Planning Application Consultation
Application Ref: 2015/1838/P
Associated Ref: 2015/1963/L**

Thank you for your notification of the Planning Application.

We are not minded as to object to the plans provided that there are no further extensions to the metal frame conservatory on those submitted in the plans.

We would be objective to any further extensions as this may have an adverse affect to the amenities of our property and rights of light etc.

We would also wish to know whether any excavation below ground level is involved in the construction which may affect the water table and stability of our particular property.

We take it that the usual hours of work will be involved and no work will be carried out on Saturday afternoons or Sundays. In effect, no work will take place before 8.00 in the morning and after 6.00 at night.

MR & MRS ESDAILE.
